

HELILADDER

We ARE the Industry Standard

The following images showcase how the HeliLadder product line could be positioned next to the AS350/H125. Only a few (of many) configurations are shown.

The 3D model of the AS350/H125 that we used is not of confirmed accuracy and detail, so some variables may exist regarding the actual fit and function.

These images should be used for reference only.

Dale Neubauer CEO/A&P 541-647-3537 dale@heliladder.com

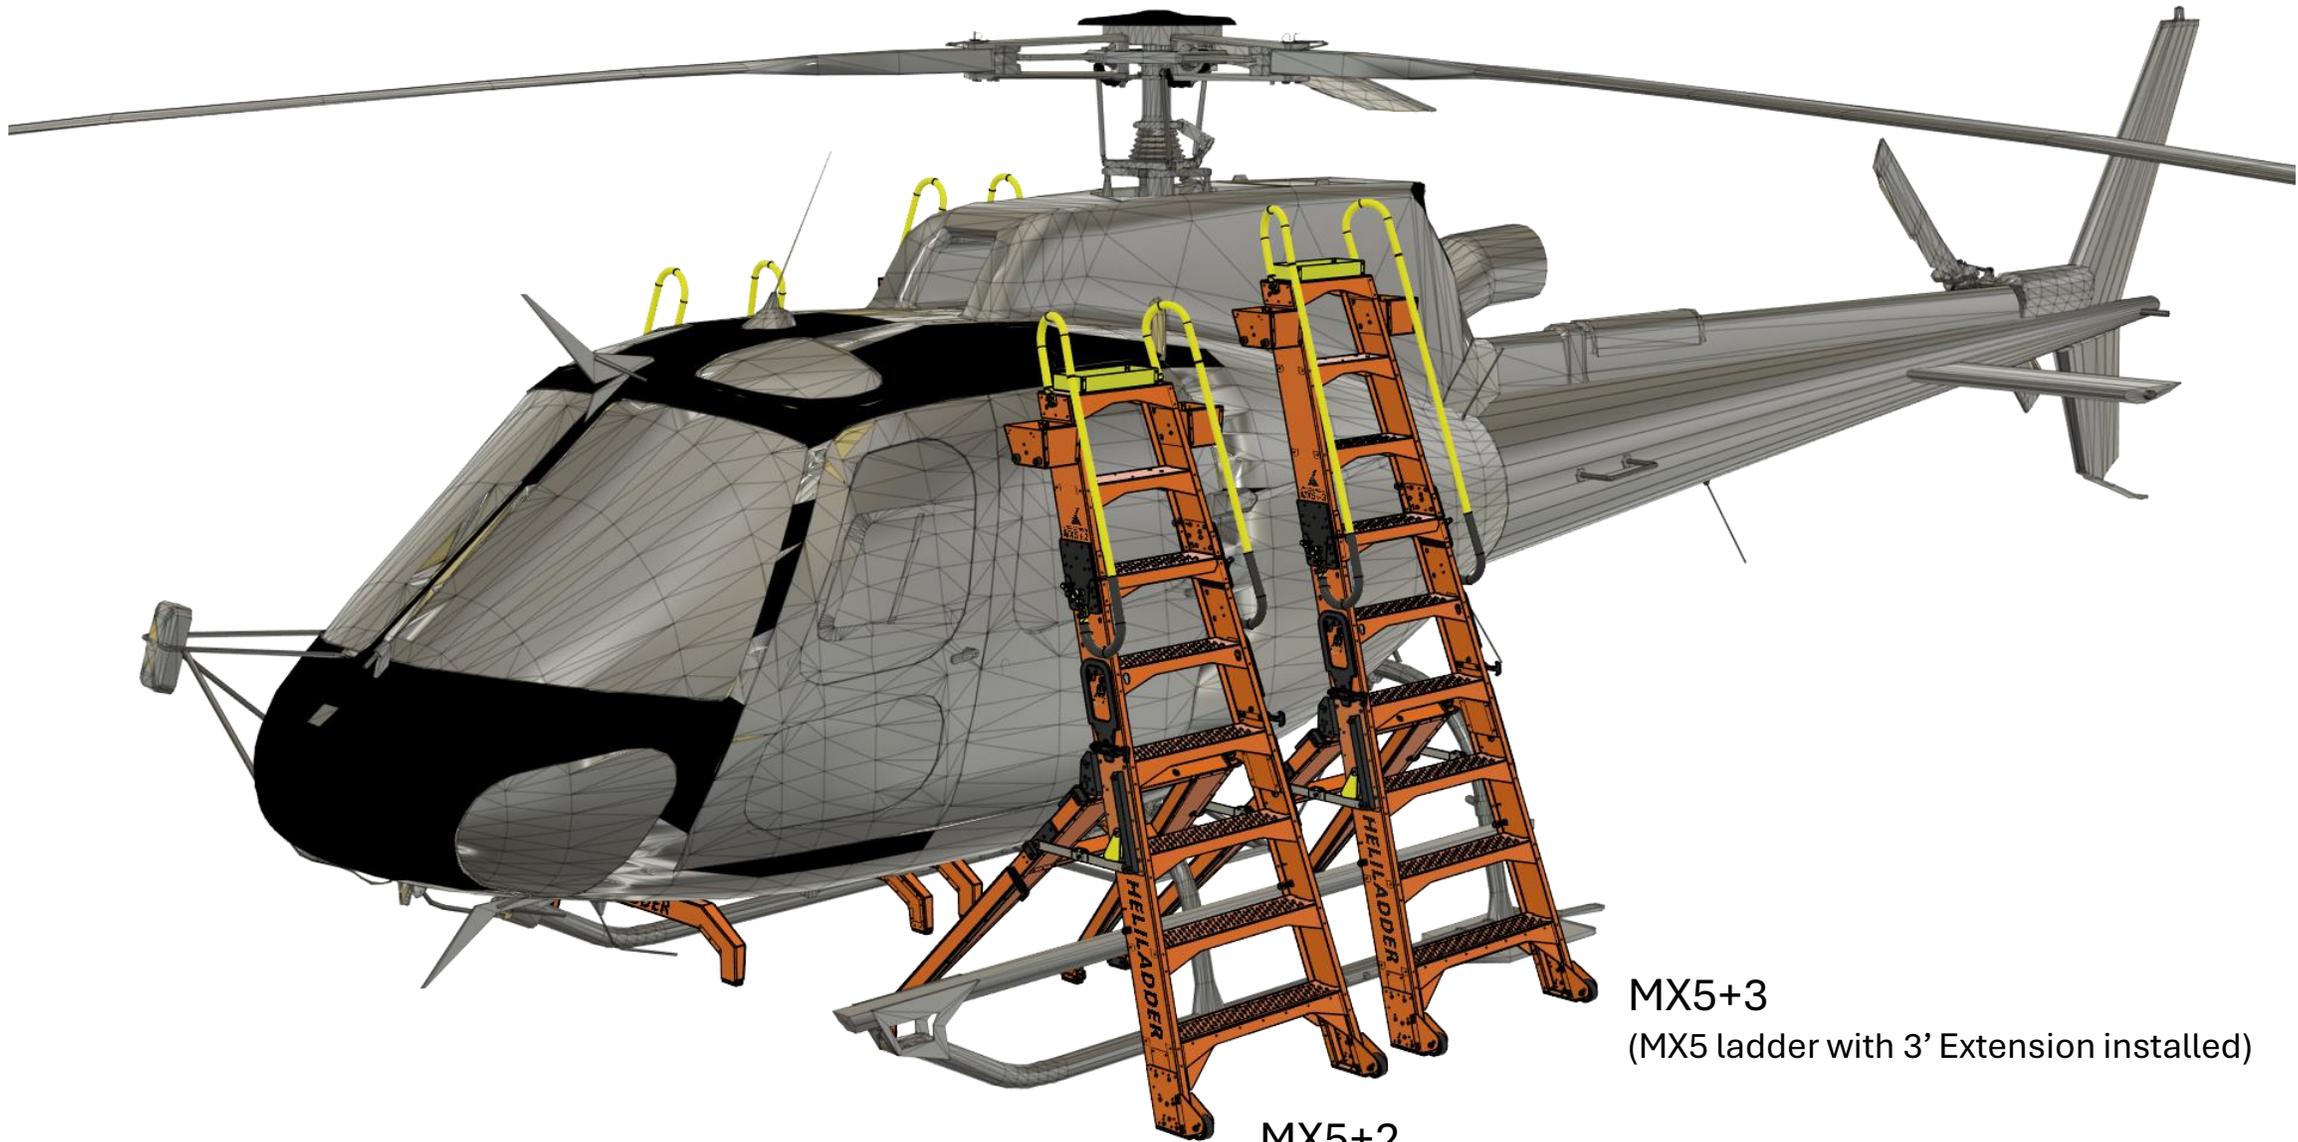

L-Series
(fixed-length ladder system)

MX5+
(modular ladder system)

Both systems are designed to clear landing gear attachments, steps, and cross-tubes.

MX5+3
(MX5 ladder with 3' Extension installed)

MX5+2
(MX5 ladder with 2' Extension installed)

MX5 (no Extension installed)
Excellent, unimpeded access to low/mid level areas of the aircraft. Removeable Tool Trays and Short Hand Rails at the user's fingertips.

MX5 (no extension installed)

L8
(8' Fixed Length Ladder)

L7
(7' Fixed Length Ladder)
