Focus on your work - not your balance!™

Bell 429 Fit Guide

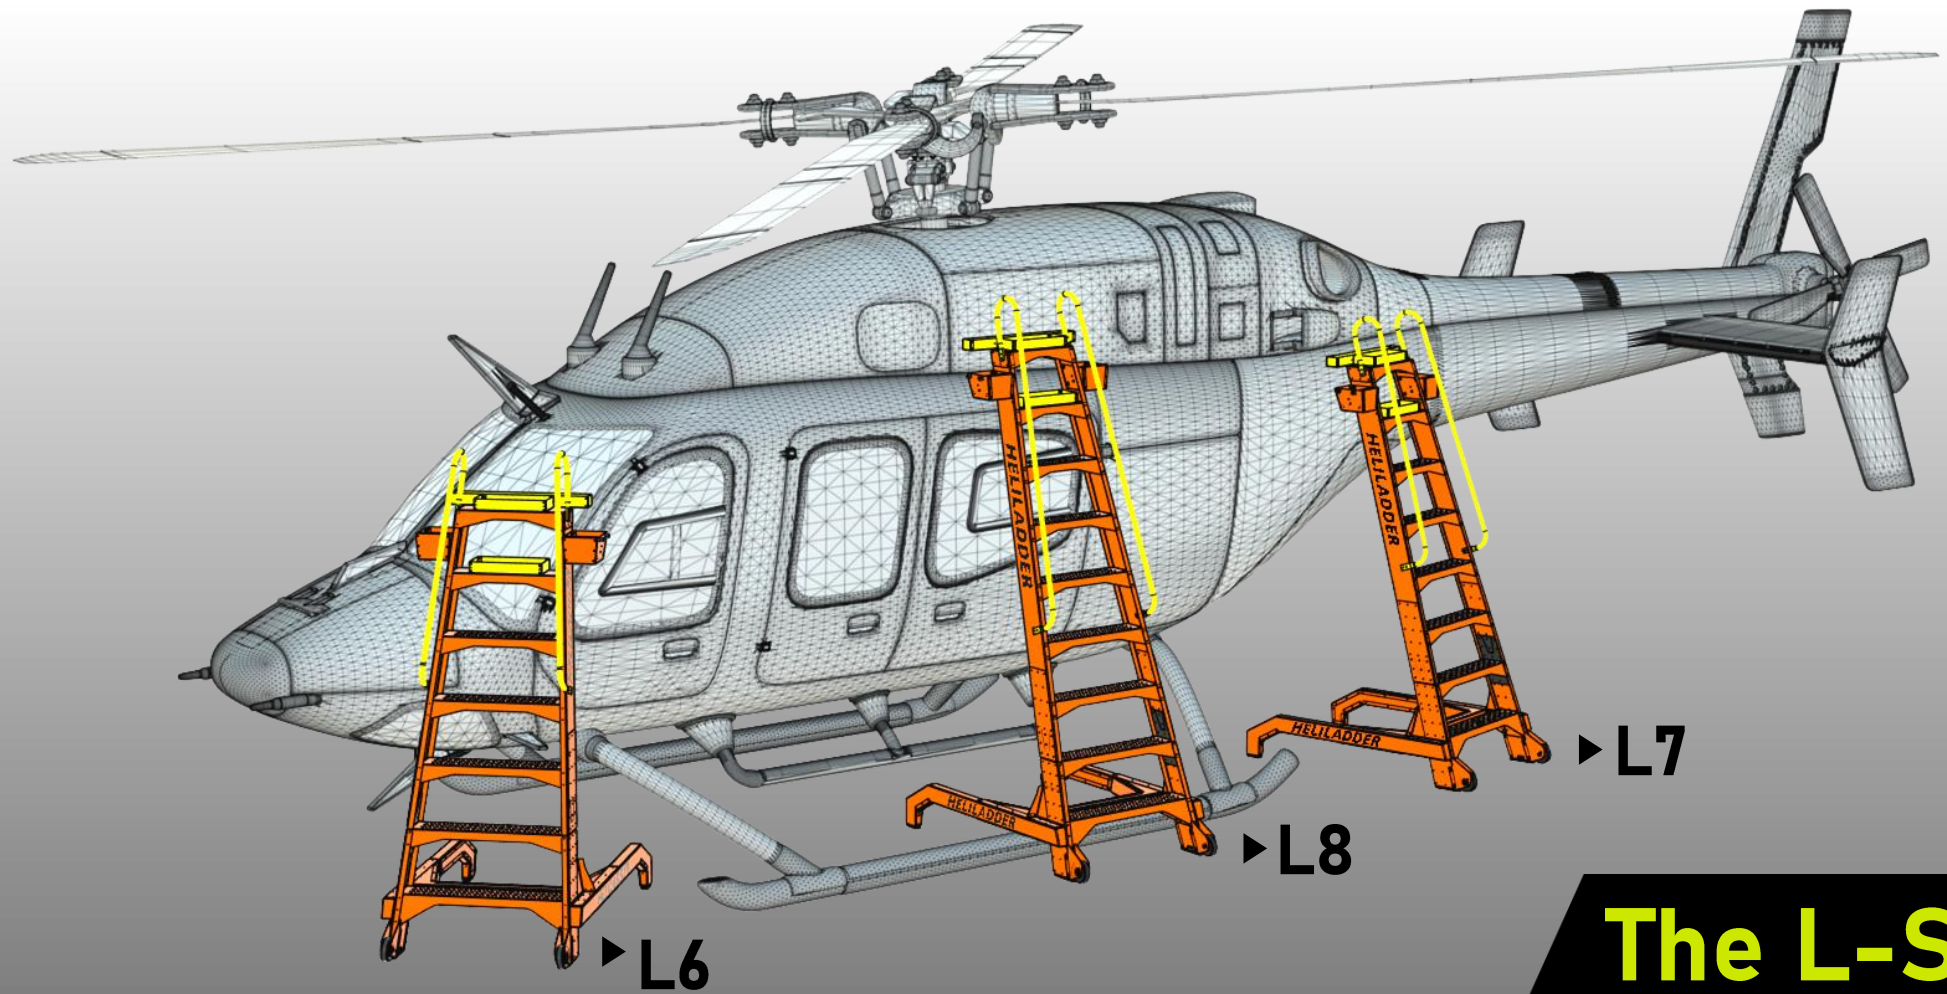

The HeliLadder System

HeliLadder has been leading the industry in creating specialized ladders and modular workstands for aircraft maintenance. Our products support various aircraft including helicopters, fixed-wing, and drones; serving military, hospital, government, and civilian sectors. With its innovative design, unmatched versatility, and exceptional quality, HeliLadder enhances technician safety and ergonomics – thereby boosting maintenance efficiency, mission readiness, and revenue generation.

The following images showcase how the HeliLadder product line could be positioned next to the **Bell 429**. Only a few (of many) configurations are shown.

- ▶ HeliLadder L-Series
- ▶ MX5 Modular System
- ▶ Safety Compliance
- ▶ General Usage
- ▶ Storage & Transport
- ▶ Other Product Accessories
- ▶ Recommended Packages
- ▶ Contact Information & RFQ

*The following images should be used for reference only. The 3D models of the aircraft used are not of confirmed accuracy and detail, so some variables may exist regarding the actual fit and function. Please contact us with questions or if you require additional information.

The L-Series

L6

► Max Standing Height: 52.5"

L7

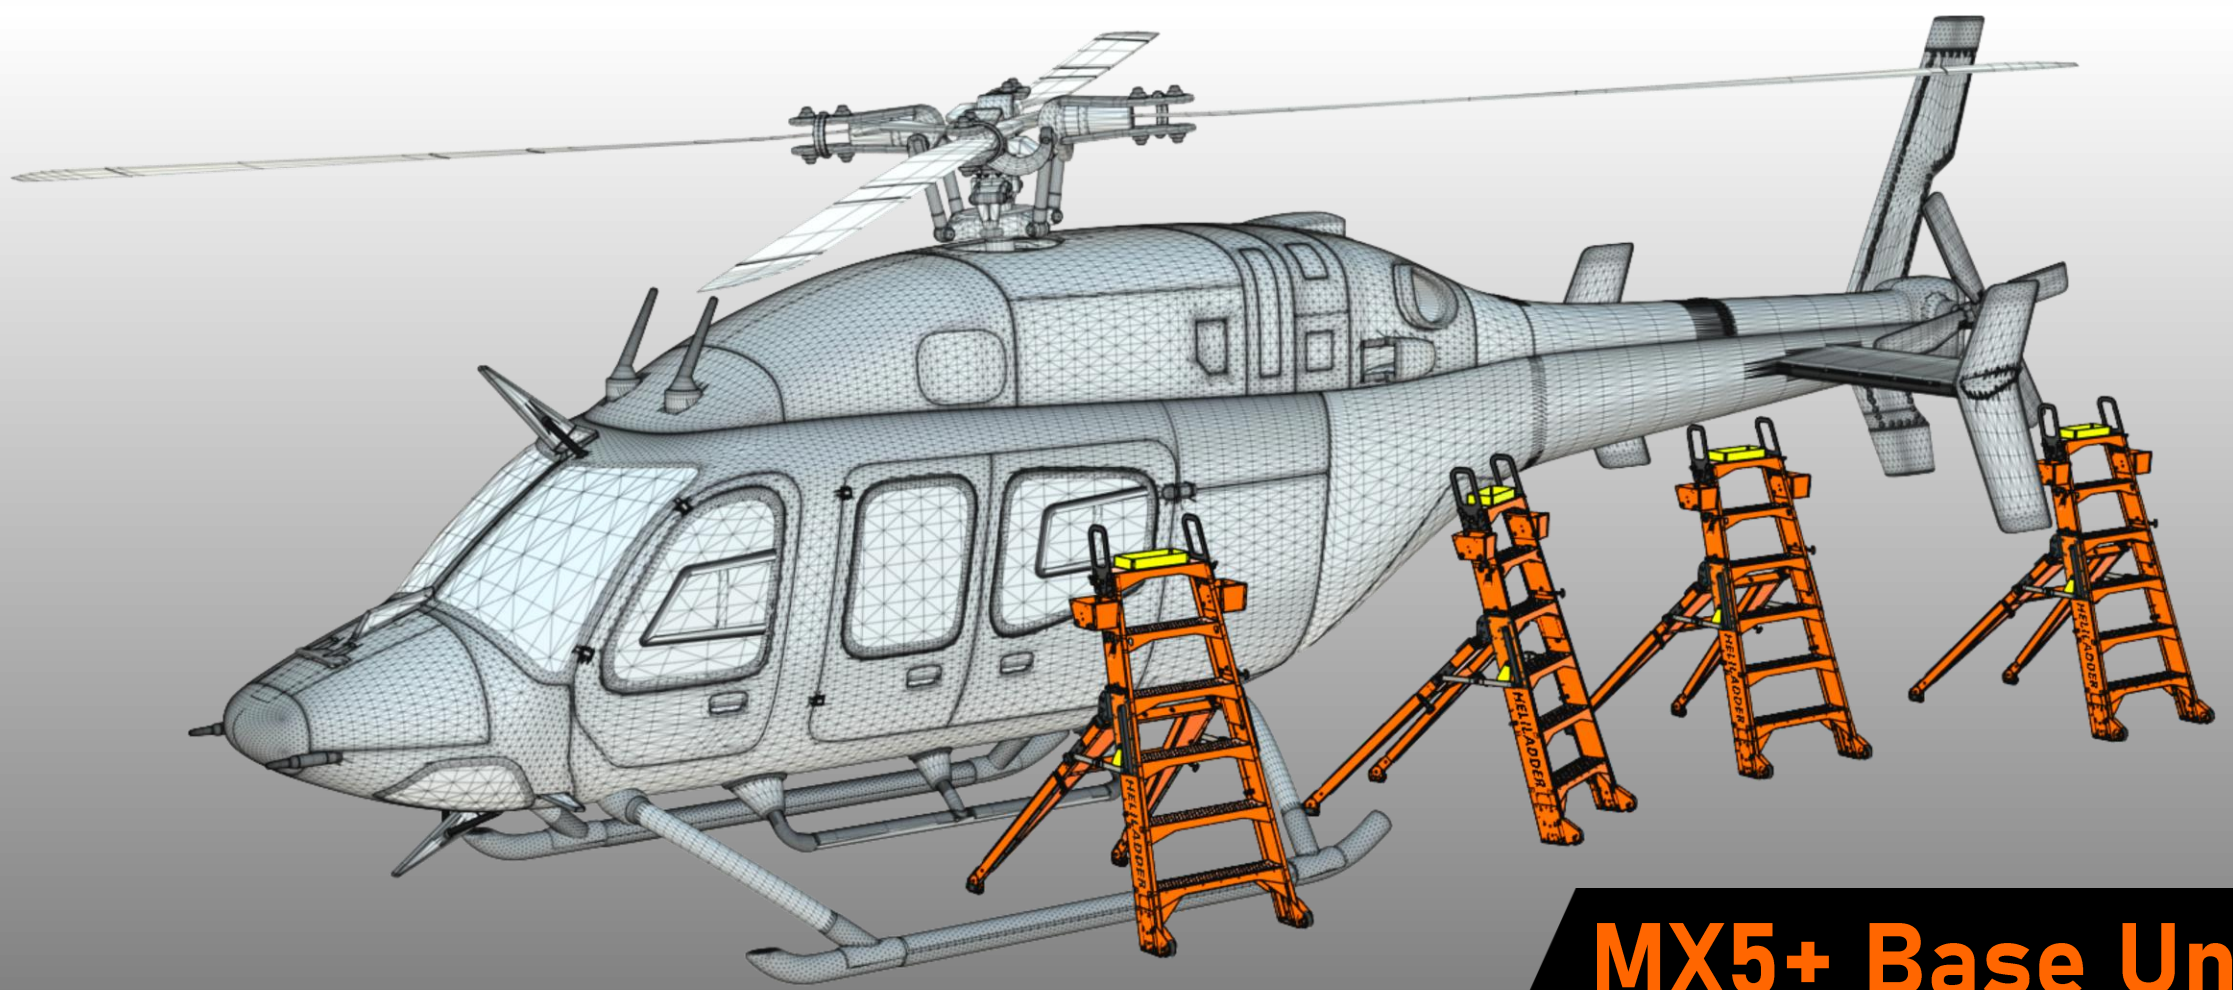

► Max Standing Height: 63"

L8

► Max Standing Height: 73.5"

Fixed-length & Lightweight
Ideal for aircraft on dollies or with external tanks and accessories.
Includes: Safety Handrails and Tool Trays

uneven ground.

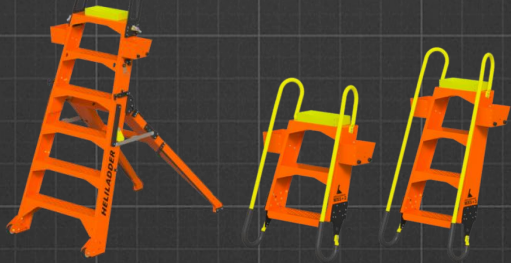

ADD-ON MX5 Ladder Support Bag

Stow work cards,
tools, and other
essential items.

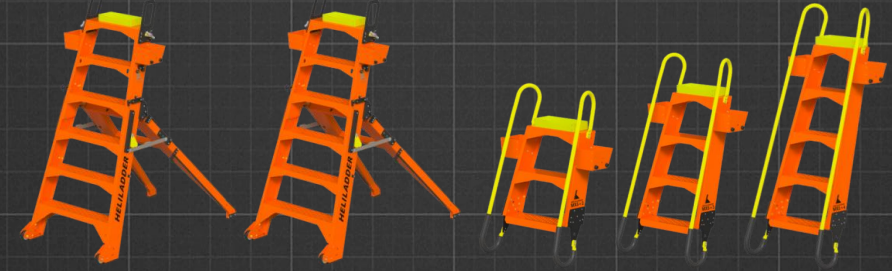

Recommended 429 Packages

Bell Image Gallery

Starter Package: One MX5 with two recommended extensions. Perfect for pre-flights, day-to-day maintenance, and inspections.

Full Access Package: Two MX5s with three recommended extensions. Highly recommended for programs servicing multiple aircraft.

Heavy Maintenance Package: For programs that routinely perform heavy maintenance on one or multiple aircraft, the full Platform System covers it all! Additional ladders or extensions will compliment this package well.
