Focus on your work - not your balance!™

Robinson Fit Guide

The HeliLadder L-Series

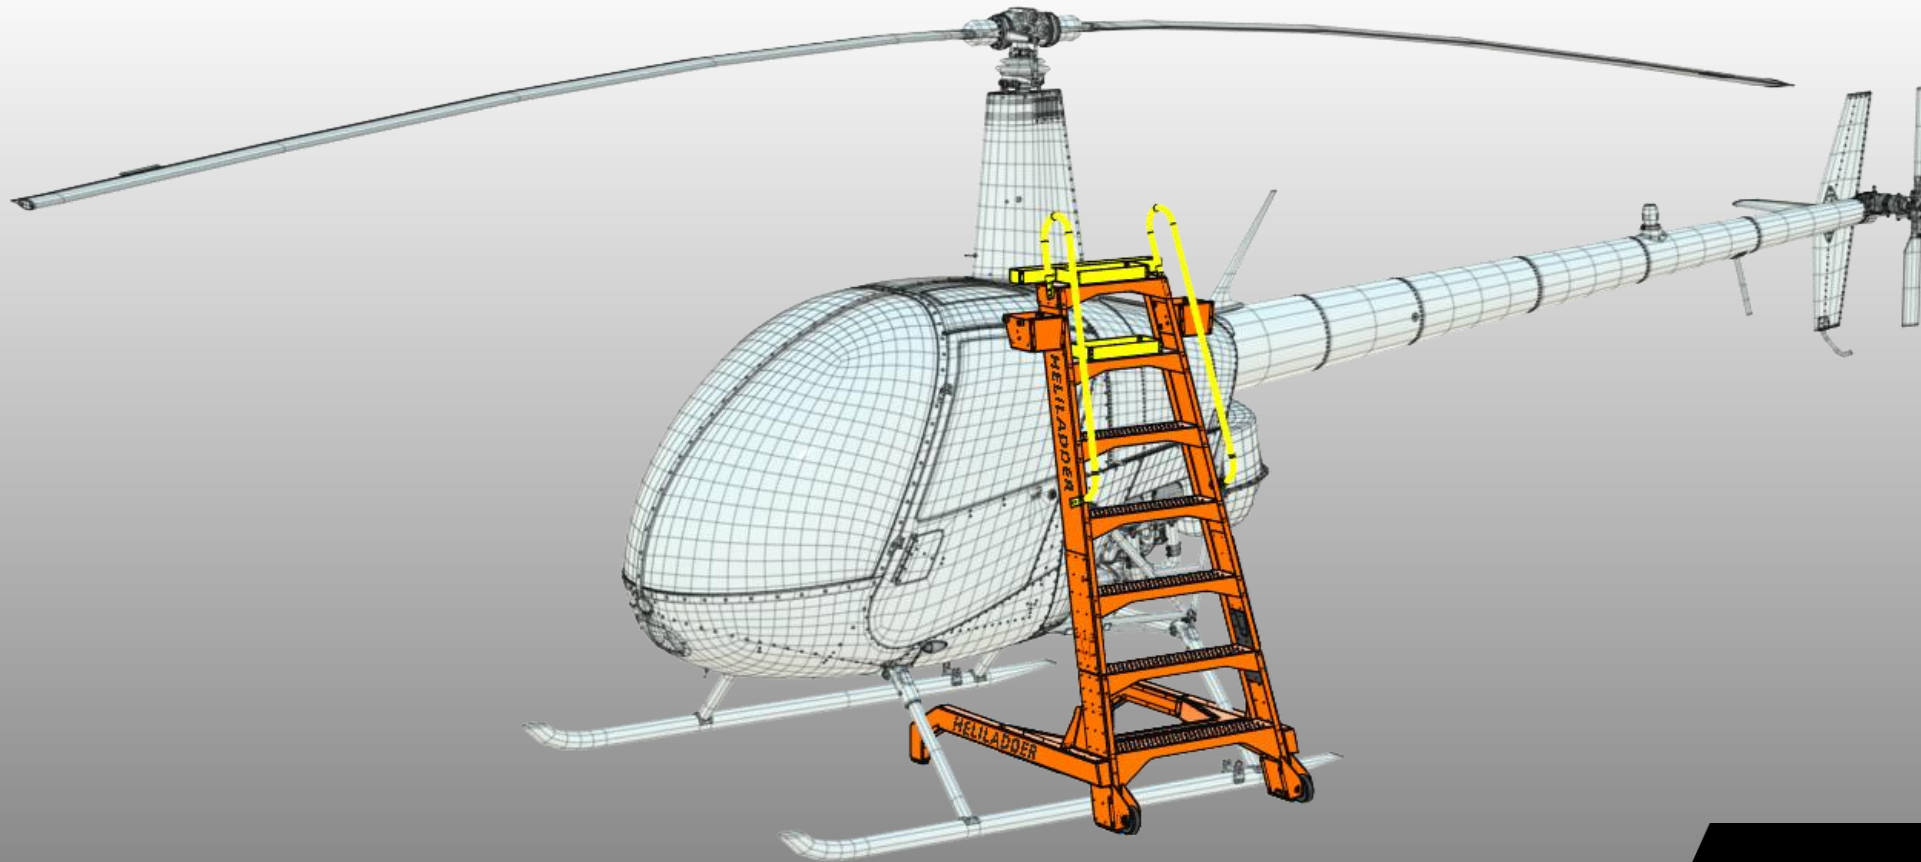

HeliLadder has been leading the industry in creating specialized ladders and modular workstands for aircraft maintenance. Our products support various aircraft including helicopters, fixed-wing, and drones; serving military, hospital, government, and civilian sectors.

Robinson Helicopter Company Partnership: With feedback and special project testing at the Robinson Helicopter Factory, we're proud to announce the L-Series as the new standard.

The following images showcase how the HeliLadder product line could be positioned next to the **Robinson R22, R44, and R66.**

- ▶ HeliLadder L-Series
- ▶ Safety Compliance
- ▶ Recommended Packages
- ▶ Contact Information & RFQ

*The following images should be used for reference only. The 3D models of the aircraft used are not of confirmed accuracy and detail, so some variables may exist regarding the actual fit and function. Please contact us with questions or if you require additional information.
